FLOODING OF GYM
FLOOR DISCUSSED

Board Elects New Teacher
For McKinley Avenue
Grade Room.

The board of education, and Superintendent of Schools J. S. Alan are keeping an eagle eye on the finances of the city's public schools at present, and will watch them carefully through the months to come before school is out for the summer.

Many months ago it was believed that the schools would have to shut down. All purchases except those for the dire necessities were dispensed with, and as a result the schools will be able to finish the year with a clean slate, and will not have to shut down for lack of funds.

At the first of February the board was optimistic and it was believed that the schools would get through the year satisfactorily by strictest economy, and not have to close like many other schools in the state.

At the regular board meeting Monday night Supt. Alan reported that he had received word from the county auditor's office that Salem schools would receive about enough to see the year through, and that all bills could be taken care of, putting a much more optimistic light on the matter, and showing that the board and superintendent have done all in their power to keep the schools open.

Discuss Water Troubles

The water situation was discussed at some length at the meeting. It is the belief of the board that a new floor will have to be built in the High school gym this summer, but not until they have found the source of the water that seeps into the gym, and the water then turned off into another direction.

Meanwhile the board will await action by the city regarding the wells. If the city wants to use the wells, says the board, then the board will await that action. If not, then a drainage system of some kind will have to be built by the board to take the water away from the wells.

Supt. Alan states that as soon as the water in the level of the gym floor, the water on the floor disappeared and is evidence, he says, that the wells are the cause.

The gym floor will be rebuilt, and a drainage system will be put in around the building, it is indicated by the board's program for next summer, or as soon as possible after the city decides what to do with the wells.

Mrs. Mary Morlan Hildebrand has resigned her position as teacher of the combined fourth-fifth grade room at McKinley school and will be succeeded by Mrs. J. B. Stephenson who was named substitute teacher by the board.

Class and organization financial statements were made to the board. The Quaker, publication of the High school, reports a balance of \$212.49. The senior class has a balance of \$1,212.45 on hand at present, while the Boys' Athletic association has \$937.50.

Supt. Alan reported on the recent convention of superintendents in Chicago.

A caretaker will be named for the field before summer, it was stated at the board and it is probable that the caretaker will be in charge in time for the track and field events and contests.

WELLSVILLE VETS
FILE DAMAGE SUIT

Say Mayor, Chief, Conspired
Falsely To Accuse Their
Club Of Gambling.

Wellsville, O., March 4. — Mayor James S. Barnes, Sr., Chief of Police John H. Pultz, three patrolmen and three sheriffs on the bonds, were named defendants in \$25,000 damage suit filed in common pleas court at Lisbon today by Corporal Dan Duty No. 192, V. L. duty of Foreign Wars, as an aftermath of an alleged gambling raid upon their rooms Jan. 7.

The ex-sergeant men, seven of whom were arrested and fined by Mayor Barnes, allege the "raiders conspired" to falsely accuse them of running a gambling room and unlawfully and maliciously invaded the club rooms and confiscated or destroyed certain furniture.

Blown Through Door

Columbus, March 4.—When a gas stove exploded today, John Gibson, watchman, was blown through the front door of the J. S. Maclean & Sons Furniture store office, West Spring st., landing in the street. His face and hands were burned.

RELIEF FOR CROWDED
SCHOOLS CONSIDERED

Portable Buildings, New Grade School Or An Addition To
Present Ones, Or Two Session Plan Are Solutions.

"We must be thinking about a way to eliminate this increasing overcrowding in our city public schools," Supt. J. S. Alan told members of the board of education Monday night.

Several times in the past year this matter has been discussed in board meetings, and each time the situation has appeared worse. Many pupils do not get the attention they should because there is over 50 in a room and only 30 should be under one instructor in most cases.

There are three methods of going at this matter, says Mr. Alan. A new grade school must be built or an addition to one or more of the present buildings be constructed; portable buildings will have to be purchased to help relieve the situation; or the two session plan must be brought into effect, part going to school in the morning and part in the afternoon, or a platoon system might be worked out for the fourth st. building, but it might not prove satisfactory.

It happens, Supt. Alan told the board, that the state law says a pupil living over a mile and a half from his regular school can choose the nearest school and attend it without the consent of the board of education controlling it.

Many of the township pupils that attend Salem schools ought to go to other schools, but they are nearer to Salem, and come here. But shall we, the superintendent and board asked, as a city, build school buildings to house out of town pupils?

What is possible in the future is the actual sending home of these township pupils if the housing situation in the schools reaches greater proportions, and allow the case to go through to the courts to test.

At any rate, some solution of this pressing problem must be found, agree the board and Mr. Alan. That must come very soon, and in the meantime all possible solutions will be discussed.

WOULD RULE OUT
SCHOOL BOOK ON
"DRINKING BEER"

Youngstown, March 4. — Another "Teapot Dome" scandal loomed at the board of education today.

Last night C. W. Stillson informed Supt. O. L. Reid the public schools were using a book which described the making and drinking of beer.

"A number of parents have complained to me about this book," said Stillson. "I understand it is in the school library."

Several members inquired at once the name of the book. "It is called 'Fairy Stories of the Northland,'" replied Stillson. "I am not sure that I have read it," declared Supt. Reid. "If we intend to expurgate the classics, we will have a pretty big job on our hands."

"We would have to rule out Mr. Pickwick, for he comes to us through alcoholic fumes. Literature is full of John Barleycorn," he said.

MACCABEE WOMEN

Nearly 200 To Participate
In Musical Revue Here
March 19 And 20.

What is said to be the most pretentious home talent theatrical production ever attempted by local people will be presented by the Women of the Maccabees in the Grand opera house, March 19 and 20. Nearly 200 of the city's most popular young people will participate.

The entertainment is in the form of a musical revue in two acts and 22 scenes, each number with special scenic effects.

Details of staging the production are in charge of the Irving O. Plain producing Co., of Cleveland, who provide elaborate costumes for each member of the cast as well as all scenery and lighting effects.

Hazel Linn Resigns
As Red Cross Nurse,
Anna Thomas Named

Miss Hazel Linn, who has efficiently filled the position of nurse in the nursing service provided by Salem chapter, American Red Cross, has resigned her position, owing to family duties. Miss Linn's resignation was accepted with regret.

She is succeeded by Miss Anna Thomas, a graduate of the Salem hospital training school of nurses, who has been night supervisor at the City hospital. Miss Thomas assumed her duties Monday. She will also do the Metropolitan work.

All nursing calls can be telephoned to 219, the Community House, or call before 9 a. m. will be received by Miss Thomas at her home, Ohio ave.

National Red Cross

Another evidence that the American Red Cross is on the job continually to help in times of need, is that Mrs. D. B. McCune, chairman of the disaster relief committee of Salem chapter, received a communication from the national headquarters at Washington asking the extent of the damage done in the recent big fire in this city.

It is said that a very exaggerated report of the loss by fire here had been made by the Red Cross.

TWO ASK DAMAGES
TOTALING \$50,000
FOR FALSE ARREST

Minerva Dentist Defendant
In Suits Filed By East
Rochester Men.

Two damage suits aggregating \$50,000 have been filed in the common pleas court at Canton against T. C. Van Pelt, a dentist, at Minerva, by John C. Miller and Ralph W. Emmons, both of East Rochester through their attorney, W. S. Emmons of Alliance.

According to the petitions, damage amounting to \$25,000 is asked by each man for false and malicious arrest on charges of robbery alleged to have been committed June 27, 1923.

The two men and Percy Patterson, deceased, were arrested on warrants alleged to have been issued by Adam Thoma, justice of the peace of Paris township. On Aug. 31, 1923, according to the petitions, the cases were ignored by the Stark county grand jury.

Ralph Emmons is station agent at East Rochester and for several years has been interested in politics of the village and township, holding responsible political positions. Miller is a farmer and painter.

According to Atty. Emmons charges filed by Van Pelt causing the arrest of the three men were made following a street quarrel with Patterson, Emmons and Miller are alleged to have appeared during the controversy.

Mrs. Laura L. Conrad, widow of Dr. S. E. Conrad, has filed suit for \$50,000 damages against Nick Ironin and Peter Sirbu and Vasil Bogdan, all of Youngstown and all indicted for the slaying of the Salem dentist and prohibition agent.

Dr. Conrad was stabbed during a raid in Youngstown and died Nov. 29 from the effects of his wounds.

Mrs. Conrad's petition claims her husband was intent on lawful business when he came to his death at the hands of the defendant. She says her husband was earning \$10,000 a year at the time of his death and that the defendants have deprived her and her daughter of all support.

FUND FOR RELIEF
OF VETS MOUNTS

The relief fund for the Veterans of Foreign Wars has reached \$17. To the \$5 announced Monday have been added \$2 from an individual and a check for \$10 from Philip Triem camp No. 43, Sons of Veterans.

Members of Allen Reynolds post, V. F. W., state that they were not in session when the fire broke out in the Speedel building, eventually destroying their quarters. It had been reported that they were meeting at that time and consequently should have been able to save part of their equipment.

This was not possible, for when members of the post arrived on the scene of the fire, they were heard from entering their rooms and could not save a thing.

Pass Liquor Bill

The village council of Lisbon at a meeting Monday night passed an ordinance which permits 25 per cent of the liquor fines collected to be paid to those making such arrests.

WAR ON PARKING
VIOLATORS OPENS
WITH 4 ARRESTS

Motorists Must Appear In
Mayor's Court, They
Are Informed.

OFFICER ON JOB
THROUGHOUT DAY

Campaign To Be Continued
Until Observance Of
Rules In General.

The first four autoists to be ordered to appear before Mayor J. B. Schaeffer for violation of the city's traffic ordinances were named by the police Tuesday morning, their numbers which the police give corresponding with records of their licenses they are:

Arthur Redman, license 654724; W. C. Bennett, 654,896 Dr. O. E. Staden, 166186; and car with the number 14208 which license was issued by the Columbus Auto club and the name is not known.

These four persons are the first to be caught in the war on traffic ordinance violators started Monday by the police and safety departments.

The four machines were tagged Tuesday morning by Officer Jesse Gray, who has been taken off the night force and placed as assistant to the chief on the day force by Safety Director C. W. Zimmerman.

According to the order left posted on the car the motorists must appear before Mayor Schaeffer as soon as possible for a hearing. In case they fail to report as ordered, they will be arrested and will face heavy fines.

It was noticeable Tuesday how motorists were observing the edict of the safer and chief. No machines were parked on Lundy st., and the ones that parked over an hour on the main streets were spotted immediately by the police.

This campaign will continue until the city's motorists have learned to obey the laws, say the departments, and officers will keep an eye open day and night for violators.

LEGION ARRANGES
TWO BIG EVENTS

Men Of National Fame Will
Speak At Banquet And
Public Meeting.

At an important special meeting of the executive committee of Charles H. Carey post, American Legion, Monday night, several events and activities for the near future were decided upon.

The legion, the committee decided will have a big banquet soon which will be open to the public and at which a speaker of national reputation will give an address. The banquet will be for entertainment and not for profit.

Another speaker of national reputation will be asked to speak at the High school auditorium at a meeting which is to be held as soon as plans can be made by the post. The public will be invited and urged to attend this meeting, as the committee promises to get one of the big men in the public eye today, and has already sent wires to several.

A committee was appointed to interview Manager Rakestraw of the State and Grand theatres relative to the staging of home talent vaudeville at the Grand in connection with the regular movies. This has been very successful in many towns this year, and as there is plenty of talent in Salem, the legion believes that first class shows can be staged.

CRIMINAL BUREAU
IDENTIFIES 1,217
APPREHENDS 142

Columbus, March 4.—Through efforts of the state criminal identification bureau, 142 persons have been apprehended as fugitives and 1,217 identifications established from 5,892 inquiries filed, Superintendent Smith of the bureau reported to State Welfare Director Harper today.

Though February was the shortest month, more inquiries were handled and a greater number of identifications made than during any one month previously, Smith declared. Thirty murderers, 121 burglars, 108 highwaymen, 52 auto thieves and 36 pickpockets were identified by the bureau, said Smith.

QUAKE DESTROYS
LATIN CAPITAL

Buenos Aires, March 4.—Information was received here today of a violent earthquake in Costa Rica. According to an unconfirmed report the loss of life was heavy.

San Jose, the capital, was reported to have been virtually destroyed. Punta Arenas was badly damaged. The shock centered in the central part of Costa Rica and along the western coast.

Telegraph lines were broken, hampering communication. First dispatches received here said severe loss of life was feared at San Jose, but that the crippled condition of communications prevented correct reports from obtaining details.

BURNS AND WALSH
IN VERBAL CLASH
DURING OIL PROBE

Chief Of Secret Service
Leaves Witness Stand
On Verge Of Rage.

Washington, March 4.—Wrangling and shouting marked a tempestuous session of the senate oil investigation today. A session which saw Wm. J. Burns, chief of the department of justice's secret agents, defending his agents and explaining the department's connection with the great oil scandal.

Notwithstanding the tumult which features the testimony of Burns and one of his agents, Mrs. Wm. O. Duckstein, wife of one of E. B. McLean's employees, the committee made some progress in clearing up the tangled web of mystery that has shrouded the developments of the last few days.

Burns was severely criticised by senators for his alleged failure to investigate various phases of the oil situation and for his attitude in general toward the committee's investigation.

The controversy between Burns and Senator Walsh, Democrat of Montana, became so heated at times that Senator Lenroot, Republican of Wisconsin, had greatest difficulty in maintaining order among the crowd that filled the committee room to overflowing.

Aside from this quarrel the spectators were given another sensation when Francis T. McAdoo, son of William Gibbs McAdoo, candidate for the Democratic presidential nomination, declared E. B. McLean, newspaper publisher, had told him that a paper publisher, former attorney general in the Wilson administration, was counsel for ex-Secretary of the Interior Albert B. Fall and Harry P. Sinclair, Lessee of Teapot Dome.

Palmer previously testified before the committee that he had represented neither Fall nor Sinclair.

In view of McAdoo's statement, Senator Dill, Republican of Washington, announced that he probably would demand Palmer's reappearance before the committee.

Burns came to the witness stand smiling in confidence of his ability to show that there was nothing that could reflect in the McLean code messages to his discredit. He left it on the verge of rage, his face scarlet.

Smith Withdraws

Springfield, Ill., March 4.—William G. McAdoo was the only Democrat in the Illinois presidential preferential race today following the withdrawal of Gov. Smith of New York.

COUNTY OFFICERS
OF KLAN WOMEN
WILL MEET HERE

Klan women meeting Monday evening at the hall, Main st., planned to hold a social Saturday evening, when the program interfered with the last social on account of the big fire will be given. In connection with this will be a free picnic social.

Officers of the county organization will hold a meeting in this city Wednesday when plans for the work will be considered. Twelve officers are expected here. The local organization will meet again in one week.

SPORTSMEN PLAN
COUNTY FIELD DAY
AT GUILFORD DAM

State Advisory Board Will
Come Soon To Inspect
Hatchery Site.

Delegates from each city branch at the regular quarterly meeting of the Columbiana County Fish and Game association at the court house in Lisbon Monday night made arrangements for a field day, entertainment for the state advisory board, a basket dinner of county sportsmen, and discussed the proposed state fish hatchery at Guilford dam.

The annual county sportsmen's field day, held at the Salem Country club last July, will probably be held at Guilford dam in July, the delegates decided. Preliminary plans were made and more will be taken up at a special meeting later.

The state advisory board has promised to come here to look at the dam site in the near future, according to letters from some of the members and also from promises made at the recent meeting held in Columbus.

It is probable that the board will be entertained in Salem and as soon look after this matter and as soon as the board notifies the association when they will come, then plans can be formulated.

A basket dinner for all county sportsmen will be held as soon as weather permits in the spring to stir up interest in the hatchery and the dinner will be at the site of the hatchery.

Despite the fact that State Senator J. P. Atwood in an exclusive statement to The News stated that there was no money available for the hatchery although Gov. Donahy promised that the association feels it was brought out at the meeting, that the governor and his state fish and game department will keep their promises and the association is counting on the promised help. They will merely mark time for a while to see if the governor can scrape up the money, or go back on his promise.

Salem Chapter Host
To Leontonia Stars

With an unusually large attendance for a regular meeting, Salem chapter No. 334, Order of the Eastern Star, met Monday evening at Masonic temple.

At this time the chapter had as its guests over 40 members of Leontonia and the covered dish supper at 6 o'clock there were about 150. The Leontonia chapter officers conducted the initiation, the work being done very well.

GREENFORD SPLIT

BITTER ARGUMENTS

Circulate Petitions Asking
That Board Take The
Teachers Back.

KLAN MEMBERS OF
BOARD GET BLAME

Controversy Is At Boiling
Point Following Mass
Meetings.

With their public high and grade school closed Monday and Tuesday, with prospects of it not re-opening the rest of the school year, and with the superintendent of schools and three teachers resigned from their positions, residents of Greenford and Green township in Mahoning county, northeast of Salem, are in the midst of, as one of the residents of the village of Greenford stated, "the worst scandal in the history of our township."

This is the situation as viewed at a glance, the facts having been gleaned from the various opinions, reports, and facts gathered from many citizens of the village and township by The News today, and contained in this exclusive story.

Superintendent H. C. Seran, his son, Arthur Seran, Miss Mable Mellinger and Mr. Kinsley, teachers, are the instructors who resigned last Thursday.

The reason for the resignation is the fact that three of the five members of the board of education, who are also members of the Ku Klux Klan, decreed that the Bible must be read in the school each day, and the teachers and these board members are at loggerheads over the events following the order.

Petitions Circulated
The members of the board are Lewis Kopp, A. A. Stahl, both of Greenford, and Frank Rogers, Calla, Klan members; Carl Clay, Salem R. F. D. No. 4, and O. S. Walters, none Klan members.

Five petitions are being circulated in the township Tuesday asking that the teachers be taken back, and that the entire board, and not just two members, vote for this.

The school was closed Saturday, and will remain closed indefinitely. It is on the road that leads through Green from Salem.

Following the development from the beginning of this controversy, the writer has taken the opinions and facts gathered from the board, superintendent and residents.

Some months back Frank Rogers was the only Klan member on the board. It happened that Kopp and Stahl were elected, and according to residents of Green, demanded immediately that the Bible be read in the school each day.

Supt. Seran told the board that his entire day was taken up with 45-minute recitations, and that the school had no time to allow for extra work. He agreed, and the teachers also agreed, to ask the children to come to school ten minutes early twice a week to have the Holy Book read to them then. This the pupils consented to do, but would not come early each day. This promise was made despite the fact that all creeds and na-

30 Passengers Thrown From
Berths When Limited
Is Derailed.

Pittsburg, March 4.—The Washington-Broadway limited, crack Pennsylvania Railroad flyer from Washington to Chicago, was derailed just east of Bellevue station, near here, shortly after midnight but no one was reported seriously injured.

More than 30 passengers were thrown from their berths when the engine struck a huge rock, which had tumbled down the hillside on the tracks.

The slow speed of the train leaving the Pittsburg yards is believed to have averted a serious wreck. H. B. Shafter, the engineer, and W. A. Perry, the fireman, saved their lives when they leaped clear of the engine cab as it hurtled into the 500-pound rock. Neither was seriously injured.

The engine, tender, club car and one Pullman were derailed.

Perry, who did not jump as soon as the engineer, received a sprained ankle.

Tracks were torn up and twisted for 50 yards. Wrecking crews were at the scene of the wreck early today clearing the main line. The flyer was delayed three hours by the wreck.

Butterflies Are Bred in Southern France

What must surely be one of the most fascinating industries in the world is carried on in southern France, where special butterfly farms have been established. Here, under scientific guidance, hundreds of beautiful specimens are bred.

Cross-breeding has been tried, and numerous experiments are conducted to obtain brilliant and original markings on the wings of these insects, which are afterwards sold to collectors or for the adornment of women's hats and dresses.

The farms are provided with special leafy trees and plants on which the eggs are hatched. Directly the young appear the branches are cut off and taken to a specially ventilated room, where they are placed in vases of water.

As soon as the tiny caterpillars have eaten up this first supply of leaves fresh branches are provided. Having been in an even temperature for about two weeks the young caterpillars are taken out into the open, where they are placed on plants that are protected from birds by long nets.

When they have become fully grown this protective net is removed, and soon they retire into cocoons or roll themselves up into leaves. These are collected and stored in specially ventilated boxes, where, in a very short time, butterflies of wonderful hues are evolved.

Tantrum Headache May Easily Become a Habit

There is an explanation that applies to many individuals, men, women and children, who complain of mysterious aches or pains, says Fred C. Kelly in McNaught's Monthly.

If a woman finds that by referring to a sick headache she can excite sympathy, even momentarily, she is almost certain to try the experiment again. She has not only the satisfaction of obtaining sympathy, but also of giving people to understand that she is an unusual person who has headaches at unexpected times and places when an ordinary individual would not.

It is by no means uncommon to find a woman who flies into a tantrum and goes to bed with a sick headache whenever anything happens that doesn't suit her. Such headaches begun as an experiment sometimes become a habit. Most of us are willing to suffer a little to attract attention.

Power Line of 400 Miles

There is in operation in southern California an electrical power line approximately 400 miles long. It has its source high up in the mountains near the town of Bishop, and extends to El Centro, in the Imperial valley. The line is capable of carrying 10,000 horse-power of energy, and a year was required to build it. For a long time engineers thought that 200 miles was the maximum distance that electricity could be conveyed over a power line, and therefore the completion of this 400-mile line and its success have elicited considerable interest.

The power is employed to supply several small towns and many ranches in this fertile valley, but the largest part of it is utilized for pumping water on the desert. It is distributed from four substations—Banning, Coachella, Calipatria and El Centro. The valley possesses local power plants, but the rapid development of the country necessitated an increase of the supply from some big plant outside.

"Low Down" on the Lion

Lord Dewar, an enthusiastic big game hunter, delights to tell the story of a Manchester business man who paid a visit to a planter friend in Uganda who was a keen sportsman. Not without considerable misgiving, the visitor allowed himself to be prevailed upon to go lion hunting. His first night in the jungle was a sleepless one.

Next morning the two friends started out early and had gone but a short distance when they came upon fresh tracks which the enthusiastic sportsman identified as being those of a full-grown lion. "Tell you what we had better do," said the Manchester man, brightly. "You go ahead and see where he went and I'll go back and see where he came from!"—Argonaut.

Rabbit Minus Ears Hears

A rabbit without ears has been born in the animal house of the state department of health laboratories at the University of Pennsylvania.

The new arrival seems normal in every other respect. John Whalen, keeper of the house, has tested him and found that he can hear. Both of the rabbit's parents have excellent pairs of ears and veterinarians who have examined the youngster are unable to explain the freak.

The head of the baby resembles a potato. On the left side of its forehead there is a tiny budlike bit of flesh, which it is believed may develop eventually into an ear. There is no indication of an ear on the other side.

STATE WILL SHIP 100 PEN CONVICTS

Columbus, March 4.—State officials today will charter a special train to carry 100 penitentiary prisoners to the reformatory at Mansfield Wednesday, it was announced.

Extra guards will be provided during the transfer of the prisoners, which is expected to relieve congestion at the big state prison.

The shipment of prisoners is believed in official circles to be the largest ever attempted in a single unit in the United States.

Gov. Donahey spent Monday afternoon at the prison with Warden Thomas, members of the clemency board and Welfare Director Harper. After a conference it was decided to remove the prisoners, all under 50 years of age and each first offender. They will be given work in the shops at the Mansfield reformatory.

200 OHIO BONUS CLAIMS UNPAID

Columbus, March 4.—With less than 200 claims to be paid, steps are being taken to close the state adjusted compensation bureau April 1, announced Robert S. Roberts, director.

Cost of administration of the bureau since its establishment three years ago has totalled \$199,223. Claims paid number 210,164 and more than \$28,000,000 has been paid former soldiers under the Ohio bonus law, it was stated.

Propose To Restrict Use Of Wooden Cars

Washington, March 4.—All railroads would be prohibited by law from using wooden passenger cars between or in front of steel coaches under terms of a bill approved by the senate interstate commerce committee.

While not generally prohibiting the use of wooden cars, the proposed law would compel their use on the rear end of trains if at all. The bill was recommended by the interstate commerce commission.

Place Guard Rails At Bridge Approach

Guard rails are to be placed at the approach of all bridges and culverts of the county, according to a resolution passed by the county commissioners Monday afternoon.

Following the financial appropriation for this work, County Surveyor Lloyd C. Kirk was instructed to proceed with such improvements on all main highways first and then connecting roads afterwards.

Hunters Paid \$30,000 More To Enjoy Sport

Columbus, March 4.—Hunters in Ohio paid \$30,000 more to enjoy their sport in 1923 than during the previous year, announced Agricultural Director Traux in an annual report to Gov. Donahey.

Receipts from the fish and game department amounted to \$403,692.90 in 1923.

Is Winter Time Your Backache Time?

DOES every cold, chill or attack of grip leave you lame, achy and all worn out? Does your back throb and ache until it seems you just can't keep going another day? Do you know these troubles are often due to weakened kidneys?

Winter's colds and chills throw a heavy strain on the kidneys. The kidneys are apt to weaken and fall behind in filtering the blood. Poisons accumulate and upset blood and nerves.

Then comes constant backache, rheumatic pains, headaches, dizziness and kidney irregularities.

Don't wait! Delay is often serious. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's have helped thousands. They are recommended by many Salem folks. Ask your neighbor!

"Use Doan's," Say These Salem Folks:

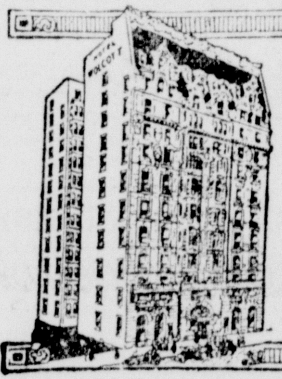

Jesse Callahan, 245 E. High St., says: "My back got so bad about two years ago, I could hardly get up or down. Sharp twinges just about floored me. The pains were so severe at night I could only rest in one position. When I got up, I was all tired out because of the sharp pains. My kidneys bothered me a lot by acting too irregularly. Doan's put my kidneys in good order."

Mrs. Robert Zimmerman, 174 E. Fourth St., says: "My back was awfully lame and stiff. In the morning I could hardly get up, my back was so lame. My kidneys didn't act right when I had that misery across my back and I had a pain in my head, too. At times, I was very dizzy when I stooped I nearly fell. I felt tired and languid. Doan's Pills from Trimble's Drug Store cured me of backache and kidney trouble."

FOUR YEARS LATER Mrs. Zimmerman said: "Doan's fixed me up in good shape a few years ago."

VOLTA'S DISCOVERY

No Medicine To Take. Results Guaranteed by Local Druggists.

An amazing new treatment for Rheumatism has been received in this country from Italy. This new scientific discovery promises to put an end to terrible rheumatic suffering in even the most stubborn cases.

Alessandro Volta, the well-known Italian physicist, for whom the electric volt has been named, discovered a scientific combination of certain ingredients in the form of a fine powder that is intended to be a powerful and active Rheumatism remedy. This discovery has been called Volta, it is not to be taken internally, but is shaken into the shoes or stockings and is intended to be absorbed into the blood through the pores of the feet. This absorption is aided by the fact that the soles of the feet contain over 100,000 times the number of pores found in any other part of the body.

So remarkable and rapid have been the results from the use of Volta powder, both in this country and in Italy, that the American druggists have authorized local druggists to dispense Volta with an unqualified guarantee of relief from the use of the very first package.

If you suffer from rheumatic pains, sciatica, lumbago, gout or neuralgia, you owe it to yourself to try this remarkable scientific treatment. It is absolutely harmless and will not cost one cent if you do not receive wonderful relief.

You can get a box of Volta, with an absolute guarantee of quick relief, from such good druggists as Leach Drug Co., Flooding Pharmacy, Bogert & French, Bennett's drug store, Treat's drug store.

GREENFORD SPLT

(Continued from first page.)
tionalities are represented in the school.

Reach Boiling Point

Several members of the board told Supt. Seran that it would be satisfactory, and to go ahead with that plan until the board could again look over the situation.

In the meantime, residents claim, Kopp and others made statements to the effect that Seran and the teachers were not obeying the order of the board, and that in saying that they were "liars."

Kopp's friends, it is reported, charged that Seran was conducting extra classes so the Bible would not have to be read.

Last Thursday night things reached the boiling point. The school house in Green was filled with residents. The cry was that Seran must go, and all others who supported him. Scarcely opinion was against him, and with the board.

Kopp, it is claimed by the teachers, and the superintendent, made insulting remarks, and insulted Miss Mellinger, the only woman teacher in the controversy.

Immediately Seran resigned, and the teachers followed suit. They left the hall, and then the storm raged with more violence.

Sup. Hull Takes Hand

Saturday night the board called a special meeting to consider these resignations in another light. Some residents had previously gone to Mr. Rogers, one of the dissenting board, and he had promised to vote to retain Mr. Seran, and the teachers until the end of the term.

In the meantime County Superintendent Jerome Hull got on the job, and attempted to give his advice. He told the board that the best thing to do was to allow Seran and the teachers to finish the school term, and save the children, who would miss nine grade weeks, and 13 high school weeks if the schools closed.

Saturday night came. The country-side seethed with excitement. Things had reached the hottest point. Factions here and there in Green were openly discussing the matter. The school house was jammed. A tense dramatic scene was in the offing.

The school board appeared. The teachers and their head appeared. Then the fireworks began. While the board reigned among the citizens, the board attempted to settle the question.

Accept Resignations

Rogers, who it is alleged promised to support County Supt. Hull's recommendation, voted with the other Klansmen, and the vote resulted in Seran's resignation being accepted, and the teachers immediately stated they would stick to their principal.

Then things "broke." Residents of the township, many who had brought their whole families along, started to talk at once. They told the three men who voted against Seran in no uncertain manner what they thought of their action. They stood up for the plan to read the Bible twice a week, since they claimed it had been proved to them no more time than that could be taken.

Tuesday there was no school. Mr. Seran, will, he says, probably go for a trip in southern Ohio, where he has a farm, if the board does not want him to stay as per Hull's recommendation, which he agreed to, if Kopp would take back "his insulting statements."

Mr. Seran's son, who, parents of some of the children say, has a fine record as an instructor, will take a post graduate course in a university.

Mr. Kinsley and Miss Mellinger will seek other teaching positions. Miss Hahle and Miss Lois Roller, who are not in the controversy, and who teach only in the grades, will teach in other places.

Tuesday morning the residents of the township had an impromptu meeting. Five men, two of whom were Klansmen it was stated, started five petitions seeking the return of the principal and his instructors for the balance of the year.

According to one prominent in Greenford, but one person had refused to sign during the morning, and most of the township had been covered.

Kopp May Resign

Kopp has intimated that he will resign if the majority of the people in the township want the teachers back. He could not be reached Tuesday.

Stahl would make no statement. He told The News that "I have no statement to make. Kopp started the row with the teachers. You will have to get him to tell the story."

Meanwhile the township is fairly boiling over with anxiety. The residents have kept the facts from the outside world until Tuesday but now public meetings are in progress, and the entire populace is talking, eating and sleeping the question constantly, and will until it is settled.

A meeting of the board has been called for Wednesday night. This is not official, but it is understood the board will meet if the residents demand it.

STOCKS

DULL BUT STEADY

New York, March 4.—The stock market was dull but steady. In the forenoon trading today's business being purely professional.

Renewed strength in Norfolk and Western attracted attention in the railroad list, that stock rising 2 1/2 points. Southern Pacific rose 1/4 to 86 1/2 and Great Northern preferred one point.

Steels were steady. Crucible rising 1/2 to 63.

Oils were somewhat heavy. American Woolen, after rising three points to 77 in the early dealings, yielded to 74 1/2.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:
Your "Krumbled Bran" used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly,
Arlington H. Carman,
Poughkeepsie, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL Bran. Nothing but ALL Bran can be so effective. That is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

ANNUAL SPRING SALE OF CORSETS

Commences Tuesday, March 4th and Continues All Week

NOTE—The Annual Spring Sale of Corsets is one of the store events, planned for months ahead, therefore of double importance. Manufacturers co-operate with us by running their factory during the quiet winter months on special numbers which they turn over to us, practically without profit—just to keep their factory organization intact. We in turn plan to pass on these special values to our customers in this annual sale.

In addition to the special numbers, however, we also offer many of our regular stock numbers at reduced prices. Corsets that many of our customers have been buying here for years—so you will readily see the chances for saving in this annual sale.

Modart Front Lace Corsets, Rengo Belt, Nemo, Nadia, Henderson and Empire Corsets are some of the familiar corsets on sale.

Corsets 98c

Elastic Girdle Top Corsets of pink novelty figured material, full hip model for average figures, four good supporters, sizes 22 to 28. A wonderful value at 98c.

Corsets at \$1.49

Novelty pink silk striped Corset for slender figures, elastic girdle top style. Sizes 23 to 26.

Plain pink corset Corset for average and stout figures, medium bust model, extra well bound, heavy spoon clasp, four good supporters. Sizes 25 to 30.

Novelty pink elastic Girdle, 10-inch length, wrap around style, sizes 24 to 32; \$2.00 value.

Nadia Corsets \$2.39

A pink novelty embroidered Corset for average figure, has all elastic girdle top, low bust and free hip, four silk supporters, flexible boning throughout; sizes 23 to 28. A wonderful value at \$2.39.

98c Odd Corsets \$1.98

In the Annual Corset Sale we offer a table of Corsets, discontinued numbers and not all sizes.

\$1.50, \$2.00 Corsets at .98c
\$3.00, \$4.00, \$5.00 Corsets at \$1.98

Nadia Corsets \$2.95

Two special models at this price.

A novelty pink embroidered Corset for average figures, medium bust with elastic inserts, long full skirt and light boning. Sizes 22 to 30.

A beautiful Novelty Silk Brocade Corset, low bust model with elastic inserts; medium length skirt, short clasp and four good supporters; sizes 23 to 30. A genuine \$5.00 value. Very special.

\$6.00 Netherall \$4.95

During the Corset Sale we will sell the regular \$6.00 Netherall at \$4.95.

HENDERSON CORSETS

At Reduced Prices

We have several numbers in Henderson Corsets we offer at closing out prices, regular and maternity models that were \$3.50 and \$4.00, now \$2.98

BIG CONTESTS TO BE DECIDED

Ohio Presidential Primaries to Be Held Next Month.

BATTLE FOR DELEGATES ON

Coolidge to Contest With Johnson for the Republican Prize While Cox Will Engage McAdoo for the Democratic Delegation—Appointment of "Card" Prohibition Agents Held Illegal by Attorney General Crabbe.

Columbus, March 4.—At the presidential primaries to be held in this state on April 29 next, two big contests will be decided, the prize being the votes of the Ohio delegates to the national conventions of the major parties. On the Democratic side former Governor James M. Cox will oppose William G. McAdoo of California, while President Calvin Coolidge and Senator Hiram W. Johnson will do battle for Republican delegates.

Two of the contestants, McAdoo and Coolidge, are entered in an Ohio fight for delegates for the first time. Former Governor Cox was the lone Democrat contesting for the Ohio delegation in the 1920 presidential primary. McAdoo's name was written in at the primary on 292 ballots. Johnson was a contestant in the 1920 Republican presidential, but polled only 15,743 votes. He did not contest for delegate. Coolidge's name did not make its appearance on the Ohio ballots until the 1922 general election, as candidate for vice president. All four of these candidates, however, will be contesting this year in both the preferential and delegate battles.

Wilbur D. Wilkin of Cleveland, manager for the campaign of William G. McAdoo as candidate for the Democratic nomination for president or on Thursday filed with Secretary of State Brown the McAdoo declaration of candidacy. James A. Rice, former mayor of Canton, also filed with Secretary of State Brown consent to act as his agent. Johnson declared of candidacy for the Republican nomination for the presidency in the Ohio preferential primary and authorization of State Senator George Bender as his representative. At the same time John D. Fackler, Shaker Heights, Cleveland, filed his declaration as second choice and designated Bender as his agent. Johnson candidates for delegates are: Bender, Frank G. Carpenter, Cleveland; H. H. Timken, Canton; J. G. Matthews, Youngstown; Fackler of Cleveland, and Joseph B. Kelley, Cincinnati.

Appointment of "card" agents by the state prohibition department is declared by Attorney General Crabbe to be entirely without authority in law, and their activities illegal. He said he believed the "card" agents are doing prohibition more harm than good. "There is no authority whatever for appointing these 'card' deputies, who go out over the state working in connection with justices of the peace," said Crabbe. "The law of Ohio is being violated in order to enforce another law, the prohibition law."

The Miller act, passed by the Eighty-fourth general assembly, creating the present state prohibition department, does not authorize appointment of "card" prohibition officers, according to Crabbe. This act, he pointed out, provides for a prohibition commissioner, a deputy commissioner, not to exceed 20 inspectors and for the appointment of "such temporary inspectors as the emergency demands," their number to be fixed by the governor. These "temporary inspectors" shall be paid "not to exceed \$10 a day and expenses."

The "card" agents are not paid by the state, but receive their compensation in percentages of the fines assessed against violators they arrest. They are issued cards by State Prohibition Commissioner McDonald and take their stations throughout the state. There are about 70 in the state.

Taking exception to Governor Donahay's recent statement that he would recommend to the next legislature that the "card" officers be abolished, Crabbe declared there was no necessity for such a recommendation. "There is no authority for them in the first instance," he said, "and legislation is therefore not required to remedy the situation."

Replying to Attorney General Crabbe State Prohibition Commissioner McDonald came to the defense of the "card" prohibition agents, McDonald said:

"The policy and construction of the law I inherited from the former administration, and I have pursued the course followed by my predecessor, Don V. Parker, now in the attorney general's office, except that I have required all such officers to give bond."

McDonald declared that "had it not been for the services rendered by

Sharon, Pa.—While engaged in a gun battle with robbers late Sunday night, William Turner, 65, proprietor

of a gas filling station at West Midway, was shot and killed. The robbers escaped.

these temporary inspectors, other wise known as 'card men,' there are many sections of Ohio where there would be no enforcement of the prohibition law whatever." Very few of the "card" officers have been paid by the state, McDonald said, and that it has been his construction of the law that their payment under ordinances by villages, when the officers themselves are appointed at the request of a community, "is but following out the righteous doctrine of home rule."

When the legislature refused to appropriate for additional regular inspectors, McDonald asserted, the department proceeded to exercise "all the remaining powers conferred upon us by the Miller act." "As a result, through these temporary inspectors, with practically no cost to the state of Ohio, they have caused some decent respect for the law in many communities where otherwise the law would have been wholly disregarded," McDonald said.

Governor Donahay stepped into the controversy by announcing that he would ask Crabbe for a formal opinion. The governor refused, however, to say whether he would order the revoking of the "cards" if Crabbe officially ruled they were illegal. "We inherited this system from the previous administration," said Donahay. "I have always favored doing away with the 'card' officers and having a larger regular state prohibition force."

Beloit Girls To Play Here On Wednesday Afternoon

Principal C. M. Rohrbach has arranged an extra game for his Salem High Girls team this week, and one for the Boys may also be arranged, he announced today.

Since the girls are not carried to go to Carrollton with the boys Friday night, Beloit will appear here to give the girls opposition at 4 p. m. Wednesday in the first matinee game of the season.

It is probable that the Beloit boys will also appear against the Salem boys, and in that case a full length cage program will be the menu for the basketball fans.

The Beloit game will not be very easy for the Red and Black six. The Beloit team has a fine record, and will put up a brand of ball that will be worth seeing, is the tip that has been sent out. In addition, the Beloit coach has promised that his team will

EXPECT COLLEGE ATHLETES TO WIN OLYMPIC EVENTS

New York, March 4.—That college athletes will form the warp and woof of the American Olympic team was determined with even greater emphasis over the week just concluded.

At the University of Illinois games for example, De Hart Hubbard, of Michigan, cleared the astounding distance of 24 feet 7 inches, indoors, and was the favorite to win the Olympic broad jump. Hubbard's performance was good for 25 feet in an outdoor pit.

Almost equally commendable was the pole vaulting of Browne I. of Illinois in doing 12 feet and 10 1/2 inches. At that, Browne will not lack for company. Three men—Lobby of Dartmouth; Owens, of Pennsylvania; and Hollop of Yale, tied at 12 feet 6 inches at the indoor intercollegiate in New York and three others were better than "123."

The club men of course, harbor most of the sparkling talent, with Tadlock, Buchanan, McAlister and others lined up, but Chester Bowman of Syracuse, turned in a very pretty performance in sprinting 70 yards in 7.15 seconds at the indoor championships. Bowman runs with cut ostentation much after manner of Howard Drew and is quite good under the lash as he proved the night he stepped away from Morichson and McAlister. Bowman should place high in the Olympics.

So should Charley Moore, the Penn State hurdler. He won as he cleared at the 50-yard distance in 9.14 after an indifferent start. Moore is the present world's record holder at 50 yards.

Ralph HUP's winning effort of 43 feet 36 inch was an intercollegiate record but not worthy of the international best. He is the only American in view at the moment who has a chance to win the Olympic shot put.

Verne Booth of John Hev's was the other record maker. Still a bit short of his best running, Booth ran two miles in 9:36 and supported the ever growing conviction that he is the only Yankee now competing, who has a chance to take issue with the foreigners over a distance of ground.

MT. UNION TEAM CONCEDED TITLE OF CONFERENCE

Mount Union, with two rather easy games in prospect this week, is conceded practically a clinch upon the Ohio conference collegiate basketball championship.

The Methodists clash with Hiram at 2:1 Union Tuesday night, and on Saturday will play Western Reserve at Cleveland.

Mount has won nine of its ten conference games this year. Baldwin-Wallace, with a score of eight won and one lost, has completed its conference schedule. Ohio Wesleyan, third in the standing, meets Ohio university at Athens Saturday.

DUNDEE TO MEET MORAN MARCH 14

New York, March 4.—Johnny Dundee and Pat Moran have posted for a fight of \$1,000 to guarantee their appearance for their 15 round bout March 14. In their first encounter Dundee won easily.

DEMPSEY-FIRPO FILM GIVES FINE VIEWS OF FIGHT

Pictures At Grand Theater
Reproduce Famous Bout
That Made History.

If you want a complete view of the Dempsey-Firpo fight go to the Grand Theater and see the pictures. The official pictures of that memorable battle are about the plainest pictures of any high class boxing match ever made, and are well worth seeing.

At a private showing Monday afternoon for the press, the several reels of the fight training camp, and other scenes were brought out very clearly. That historic Round One is shown both in regular and slow motion form, while the knockout in Round Two is shown at close range.

The first reel shows scenes of the training camp at the two fighters with large crowds of spectators watching both men work out in preparation for the fight.

Preceding the fight the great mob that crowded the Polo grounds is shown, thousands perched in every space of the mammoth park. Then Firpo enters the ring and Dempsey follows soon after. They get ready, hear Referee Johnny Gallagher's warning and remarks, and then the fight is on.

Now for blow, the two herculean giants batter each other through that gruelling first round, in which Firpo hits the canvas five times and then socks Jack so hard he goes through the ropes for the count of four.

This controversial point is very interesting. The writer is not attempting to defend either fighter, but the pictures, both regular and also in slow motion, show that the blow was clean and not a push blow, as Dempsey's friends contended at the time of the bout.

Dempsey comes in again and sets over his bewildered opponent, and in Round Two puts the South American under. Firpo lunging gamely, but decisively defeated.

Twin Camera Makes "Movies" and "Stills"

Frank S. Walton of Huntington Park, Cal., is the inventor of a twin motion-picture camera by means of which it is possible to take moving pictures and individual stills at the same time.

The camera is really not a single device but two separate machines, working independently of each other. Any desired still may be made during the course of the action by throwing the single-picture camera into operation without stopping the movement of the subject.

The motion picture part of the camera is fitted with four lenses after the manner of a microscope, by a device enabling any desired set of lenses to be used. One of these is a telephoto lens, used in getting close-ups of wild game.

The Walton camera was used in making a recent film of big game hunting in Africa.

Where His Thoughts Were.

John's mother was helping him dress for Sunday school and at the same time questioning him about his Sunday school lesson.

"John, what must one do to be saved?" she asked.

The small boy's thoughts were down at the river, where he hoped to go fishing soon, and he answered promptly:

"Learn to swim."

Mr. Martin Tells What A Wonderful Ointment San Cura Is

"My head was so scabby I was ashamed to go out in company. One jar of San Cura Ointment completely healed it and I had used every soap and ointment you could mention."—C. O. Martin, 231 E. 29th St., Cleveland, Ohio.

LEONARD TO BOX MICKEY WALKER

New York, March 4.—That Benny Leonard, world's lightweight champion, and Mickey Walker, welterweight title holder, are certain to meet in an outdoor ring this summer was indicated today by those in a position to know.

The men, it is said, will enter the ring with the welterweight championship at stake and Leonard will weigh in the neighborhood of 145 pounds, said to be his best fighting weight.

TROOP 3 TAKES FAST CAGE GAME

Troop 3 Boy Scouts, handed Troop 1 a 16-0 defeat in a recent basketball game, mainly through the efforts of Slinger, star forward, who scored four baskets for 8 points.

Handicapped by the fact that the troop had not played together before, Troop 1 put up a stiff fight and made the game very interesting.

26TH KNOCKOUT FOR BERLENBACH

New York, March 4.—Paul Berlenbach, local knockout king, today is looking for further jaws to conquer.

He scored his twenty-sixth straight knockout victory last night over Jimmy Darcey of Portland, Ore., in the third round, the bout being stopped by the referee to save Darcey from further punishment.

The coast man was on the floor five times during the bout.

No Holdout Player In Cleveland Camp

Cleveland, March 4.—Every player to whom a Cleveland contract was tendered, has signed it and returned it to the club office, it was learned today.

Cleveland has not had a "hold out" since the days of Joe Harris, now playing with Boston.

WOODEN SHOES

"The peasants in America do not wear wooden shoes at all, even in the fields!" writes Abbe Pierre, of Gascony. "No, the peasants there wear shoes of leather, although I should think that sabots would be much more serviceable, not only on the roads, but plowing. . . . And wooden shoes are far less expensive. Ah, that America is an extravagant country!"

Advertisements haven't yet taken the heavy wooden shoes from Gascon feet—nor yet the heavy wooden shoes from Gascon minds. Gascony thinks in the past. America in the future.

Advertisements make the difference. They crisscross improvements in countless directions across the miles. They distribute Fords, furnaces and electric lights so widely that foreigners think you extravagant to enjoy them. They put you in touch with the latest conveniences. They help so many people enjoy those conveniences that their cost to you is small.

You read advertisements to link yourself with the best—to substitute speed for the shambling progress you otherwise would have to make in the lonely wooden shoes of isolation.

Do you read them regularly? Good habits pay.

DATES OF SCHOOL EVENTS ARE FIXED

Leetonia Commencement To Be Held May 29; Picnic At Kelley Park.

Leetonia, March 4.—Mr. Woodward was the only member of the school board absent from the meeting of the board last week. The closing events of the school year were discussed and arranged for. The spring vacation has been set for the first week in April. The board of education will not pay for the commencement invitations this year.

The schedule for the last week of school is eighth grade commencement, May 28; baccalaureate sermon, Sunday evening, May 27; High school commencement, May 29; school picnic at Kelley's park, Saturday, May 31.

The report from the Ohio School Inspector L. L. Luthian was read by President John Kearney. The inspector spoke highly of Superintendent E. P. Stenoch and his efficient work done in the school of Leetonia. Twenty-four men were given work in other parts of the Delaware coal mine near town when April 14 left, was abandoned recently.

Miss Edna Kennedy of East Chicago, is spending several weeks with relatives here.

Mrs. William Audler pleasantly entertained members of the Independent club at her beautiful home near Leetonia, Tuesday evening.

Edward Kunkel is the guest of his grandfather H. P. Worstell at Tappin, Ohio.

Mrs. Fred Haggerty of Lisbon, is enjoying a visit with her sisters, Mrs. Thomas Turney and Mrs. Edward Gottschalk of this place. Mrs. Eywood Slater entertained the Young Ladies' Sewing circle of the Presbyterian church, Friday evening at her home in North Chestnut st.

Miss Berle Albright returned to her studies at Wooster college after a visit of a week with her parents, Mr. and Mrs. Arthur Albright.

Mrs. B. J. Mullen has concluded a visit with her brother, Henry Keiser, in Dover and returned to her home here.

Mr. and Mrs. C. J. Halverstadt and daughter, Miss Ersel, were Salem business callers Saturday.

Mrs. Frances Fry was a Salem visitor Saturday.

The bake sale held Saturday afternoon at 252 Main st. by the sophomore class of the High school proved a financial success.

31 TEACHERS TAKE COURSE
Thirty-one school teachers are taking advantage of the extension class

work under the instructions of Prof. D. W. Pearce of Kent Normal school. The class will meet every Monday evening.

Mrs. William Middleton and daughter, Miss Isabel, were Salem shoppers Saturday.

Mr. and Mrs. Michael McFright have just returned to their home south of town after a fine trip through the east.

Mr. and Mrs. Harvey Martin are ill with scarlet fever.

Mrs. Nellie Wood has returned to her home in New Castle, Pa., after several days' visit in the home of Mr. and Mrs. Karl Battman.

Miss Agnes Ciminelli is among those who are ill.

A number from here attended the dance at Kelley's park on Saturday night.

Mrs. Margaret Brown of Chicago, is visiting Mrs. Emma Brown, Pearl st.

MRS. BUSH TELLS OTHER WOMEN

How Pains in Side and Dragging Down Feelings Were Relieved by Lydia E. Pinkham's Vegetable Compound

Massena, N.Y.—"I had terrible pains in both my sides and a dragging-down feeling that affected me so that I could hardly walk, and I got run-down. A friend who had taken Lydia E. Pinkham's Vegetable Compound advised me to try it and I have taken it with the best results. I do my housework and also some outdoor work on the farm. The Vegetable Compound has given me back my health and I can not praise it enough. I am perfectly willing that you should use these facts if my letter will help other women who still suffer."—Mrs. DEBBIE BUSH, R. F. D. 1, Massena, N.Y.

The spirit of helpfulness shown in the letters we are constantly publishing is worthy of notice.

These women know by experience what Lydia E. Pinkham's Vegetable Compound will do. Your troubles are the same as theirs. Isn't it reasonable to expect the same results? The dragging-down feeling and are nervous and irritable, profit by Mrs. Bush's experience and give the Compound a trial.

INSCRIPTIONS ON EL MORRO ROCK

AMOUS "STONE AUTOGRAPH ALBUM" OF NATIONAL MONUMENT IN NEW MEXICO.

By EDWARD B. CLARK
Washington.—Up to the present time 29 national monuments have been established by presidential proclamation. They are administered as part of the national park system by the Department of the Interior through the mediumship of the national park service. These monuments preserve for the people of the United States historic and prehistoric structures and other objects of historic and scientific interest.

The Interior department is issuing a series of descriptive articles concerning these national monuments. The stories of the monuments seen in the main to have a picturesque interest.

The El Morro national monument, in western central New Mexico, contains an enormous varicolored sandstone rock rising about 200 feet out of a lava-strewn valley and eroded in such fantastic forms as to give it the appearance of a great castle. On its smooth faces are the inscriptions of five of the early Spanish governors of New Mexico, as well as of many intrepid padres and soldiers who were among the first Europeans to visit this part of the world.

Lying as it did on the first highway in New Mexico, the Zuni-Acoma trail, this rock sheltered as a true fortress many parties whose course took them this way. The shape of the giant monolith is such that an expedition of soldiers could find protection within the cave on the south side in which was located the water so necessary to the traveler in those days. Here with a few out-guards on the one exposed side no successful surprise attack could have been made by hostile Indians.

Onate's Visit in 1606 Recorded.
The earliest inscription on the rock is that of Don Juan de Onate, governor and colonizer of New Mexico and founder of the city of Santa Fe, who in 1606 on his return from a trip to the head of the Gulf of California passed by El Morro and carved a record of his visit.

The inscription of Gov. Manuel de Silva Nieto, who succeeded Onate and who took the first missionaries to Hawiku where a mission was established, reads: "I am the captain-general of the province of New Mexico for the King our Lord. Passed by here on return from the towns of Zuni on the 29th of July of the year 1629 and he put them in peace upon their petition, asking him his favor as yassals of his majesty, and anew they gave their obedience; all of which he did with clemency, zeal and prudence as such most Christian (not plain here) most extraordinary and gallant soldier of unending and praised memory."

The party accompanying Silva Nieto was made up of 400 cavalry and 10 wagons. This additional paragraph is added to the inscription:

"They passed on the 23d of March of 1632 year to the avenging of the death of Father Letrado."—Lujan.

Lujan, who signed this inscription, had reference to this trip with other soldiers from the garrison in Santa Fe to Hawiku, where the padre was murdered by Zuni Indians, who scalped him February 22, 1632, just 100 years before George Washington was born.

De Vargas inscription.

The De Vargas inscription of 1692 is of historical importance. Translated it reads: "Here was the General Don Diego de Vargas who conquered for our Holy Faith and Royal Crown all of New Mexico at his own expense year 1692." De Vargas reconquered the Pueblo Indians after their bloody rebellion in 1680 and succeeded in bringing many colonists from Spain to take up homes in this country. He lies buried under the altar of the parish church in Santa Fe.

Lieut. J. H. Simpson, afterward General Simpson, accompanied by the artist, R. H. Kern, were the first Americans to see these inscriptions and bring them to the attention of the public. They visited El Morro and copied the inscriptions in 1849, leaving a record of their own visit on the rock.

The last Spanish inscription, of which there are over fifty, was dated 1774. Thus for 168 years El Morro was a regular camping place of parties whose business it was to maintain Spanish rule over the Pueblo Indians of this section. Carving of names by present visitors is strictly prohibited, with a heavy fine and imprisonment provided by law for violations, in order that the records of the most famous "Stone Autograph Album" in the world may be preserved. The monument contains 240 acres and was first set aside in 1906. On the top of the rock there are some ruins of ancient dwellings which can be reached by trail.

The monument is reached from Gallup, N. M., on the Santa Fe railroad and National Old Trails road. West-bound motorists, however, may leave the highway at Grants and follow a new road which goes through San Rafael, one of the largest strictly Spanish towns in the state, then skirts the foothills of the Zuni mountains and passes Agua Fria draw. From there on the road is through a grove of pines, bordered on the left hand by a great rough lava bed rising to mountains in places and falling into unknown dark crevices and canyons in others.

WINONA

Morence and Anna Mary Votaw gave a party Saturday evening at which time they received about 25 friends. Games and music contributed to the pleasure of the guests.

Jesse and Mary Starbuck of Salem; Lenna Stanley and Willis Holway, of Columbiana; Alfred E. Warrington of Damascus, and James Edgerton and Mr. and Mrs. Arthur Gamble, of Winona, were guests Sunday of Misses Amelia and Edith Gamble.

James Steer, principal of the Beringham High school, spent the week end with relatives here.

Arthur Binns of Cleveland was here for the week end.

Mrs. Lewis Weaver of Salem and Mrs. R. S. Coppock, of Damascus, were guests Monday of Mrs. Lee Weaver.

Stanley Stratton of Flushing was here over the week end.

Mrs. Floyd Grimbles of Alliance is spending several days with relatives west of her.

Miss Esther Frederick of Mt. Union spent the week end with her parents, near here.

Rent Old Homes for Weddings.
In Europe a new business has developed among those who became well-to-do during and immediately after the war. They have, as a result, bought up many fine homes, and to increase their incomes now let these homes out to former well-to-do persons, who want the marriages of their children celebrated in the old homes. A good house, if it is big and has a good address, brings in many dollars in income in this way.

No Unfair Advantage.
Georgette—Oh, look, Ludwig, we are right under the mistletoe.

Ludwig—I know it, darling, but I couldn't kiss you now because it would be taking an unfair advantage of you. There will be plenty of time for that after we are engaged.

Love and Politics.
"So you never saw a man whom you would be willing to marry."

"I'll go further than that," replied Miss Cayenne. "I've never seen one I felt I could conscientiously vote for." —Washington Star.

East Liverpool.—Convicted of two violations of the prohibition law Van Zant Mahalik contributed \$1,000 of the \$1,604.50 collected in the police court fines here during March.

WORKER'S PRANK MAY COST FRIEND LOSS OF ONE EYE

Alliance, March 4.—Floyd Jackson, 294 North Lincoln ave., will probably lose the sight of his left eye, according to Dr. G. F. King, the result of a handful of soft cement which was thrown into the eye by a fellow workman.

Jackson, who is employed at the Transue Williams steel plant here was joking with several other employees at the plant yesterday. Following a remark one of his friends, tossed a handful of soft cement and it struck Jackson in the left eye.

Jackson was taken to the City hospital where Dr. King said following an examination that he would probably lose the sight of the injured member.

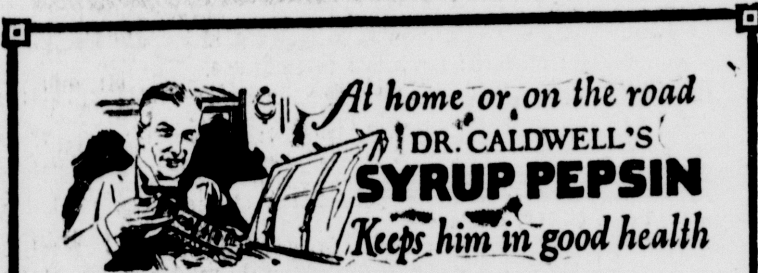

Disarmament Parley Is Inopportune Now, MacDonald Believes

London, March.—The present moment is opportune for any single nation to attempt to summon a disarmament conference Premier Ramsay MacDonald told the house of commons yesterday.

Asked whether he intended to call an international disarmament conference the premier replied:

"Broadly speaking the league of nations already has discussed that situation, I do not think the present moment suitable for an independent step. We must await developments."

Youngstown.—Busses operated by the municipal railway showed a profit of \$2,587.97 during the month of January.

Clogged-Up? Here's Quick Aid

NEVER mind what you are using now for constipation. For all you know there is a better remedy! The next time you are clogged up, try Dr. Caldwell's Syrup Pepsin, a laxative successfully used for 30 years, the largest selling liquid laxative in the world. Mrs. John A. Goins of Butlerville, Ind., constipated all her life, her stomach injured from years of pill taking, is now functioning daily since taking Syrup Pepsin; and Mr. David O'Connor of Canton, Ohio, suffering steadily for three years, got relief after a few doses. The list of successful users of Dr. Caldwell's Syrup Pepsin is naturally large as over 10 million bottles are sold annually.

Formula on Every Package
Get yourself a bottle at a drug store, the cost being less than a cent a dose. Take a spoonful at bedtime for a few nights and we guarantee that the most chronic constipation will be relieved, or refund your money.

A few doses in succession soon train the stomach muscles to act for themselves. Many, however, take it once

a week and in that way keep the bowels regularly open. Dr. Caldwell's Syrup Pepsin, unlike harsh physics such as calomel, "candy cathartics," salt waters and powders, is a simple vegetable laxative composed of Egyptian senna and pepsin with tasty aromatics which are entirely harmless.

This Remedy Guaranteed

It has been accurately proven that a constipated person is only 75 per cent efficient. It slows you up; makes you dull and lazy. Take Syrup Pepsin the first day you do not have complete bowel movement. Take it, guaranteed, for constipation, torpid liver, dyspepsia, biliousness, sour stomach, headache, lack of appetite. A spoonful at the first sneeze or snuffle will kill a cold overnight. Half the ailments of winter start with constipation followed by a cold.

If You Want to Try It Free Before Buying—Syrup Pepsin, 517 Washington St., Monticello, Illinois.

WHY WIRE? because

You can turn night into day—cold into heat—food into palatable delicacies:

because you can wash, iron, sweep, play a piano or talking machine all by pressing a tiny button.

Wiring is not an expense—not when you calculate the cost of oils, coal or gas in terms of time, health and wrinkles.

And it is a pleasure—a social triumph to do things electrically.
